

Budget cuts affect millions

George Osborne has now decided the tax cuts. He has promised up to £320 a year in today's budget to 25 million workers. Everyone who earns less than £115,000 a year will benefit. Only 555,000 workers will miss out. Things you buy are increasing or being cut. This is what is increasing or being cut: a rise of about 17p per a pack of 20 cigarettes and 1p a litre fuel rise. What is your opinion about the cuts?
